SENIOR NEWS

BONNIE ADAMS

In January of 1968, I entered the Kentucky Schools for the Blind. I was a sophomore. Prior to my coming here, I attended the Ohio School for the Blind and the Indiana School for the Blind.

My 2 1/2 years of attendance at KSBUP have meant a lot to me. I have had many memorable experiences.

Next September I plan to enter Olivet Nazarene College which is located in Kankakee, Illinois. I am going to major in sociology and minor in psychology. After graduating from there, I plan to enter in graduate school and get my M.A. in social work.

-*-

HOWARD CARR

My name is Howard Carr and I am from Barboursville, Kentucky. I first came to this school in September of 1965 when I

was in the seventh grade. It took me some time to get used to being away from home. I have really enjoyed my six years here.

I joined the Boy Scouts when I was in the seventh grade and enjoyed the activities such as hiking, camping trips, and various work activities. I decided to quit Boy Scouts when I was a freshman.

I have also enjoyed the various class trips such as the tour of the WHAS studio, and trips to Cherokee Park, Mammoth Cave, Berea College, the Louisville Zoo, Atlanta, and Beach Bend Park.

There are several courses which I have enjoyed. In my freshman year, I was awarded a watch for outstanding achievement in Industrial Arts. I took piano lessons in my sophomore, junior, and senior years and piano tuning in my senior year. This course could help me toward a future vocation. I have won two awards in creative writing and I have enjoyed all the courses I have taken here.

I have several ideas for a vocation after I graduate. Earlier, I was interested in some kind of typing work or some phase of mechanics. Now I am interested in either piano tuning, vending stand operating, transmission repair, auto mechanics, processing photographic negatives, electronics, or some other kind of electrical work, but I might think of some different ideas for a vocation in the future. I hope to start training for one or more of these fields in some kind of training center this fall.

-*-

RONALD COOK

The Kentucky School for the Blind is truly a place of opportunity. I have attended this school for more than twelve years and I must say that I appreciate everything that has been done to give me a good education.

K.S.B. has had many different kinds of

student organizations and I have been in most of them. I served as president of the Student Council in 1968-69 and as treasurer before that. I was also a member of the Fep Club.

In the past three years I have been a varsity wrestler, wrestling from weight class 95lb. to 119lb. I have also been on the track team for two years.

I have been a member of the band and the senior chorus for six years. I have particularly enjoyed these classes because of my interest in music.

The last four years of school were the most important. Because of the good training I received in piano tuning and technology, I plan to make this my future life's work. I am grateful to have had this training.

-*-

A ROAD TO SUCCESS

BARRY COOPER

Now that I am a senior, and with graduation time approaching with what seems to be ever-increasing rapidity, I remember many of the past events of my life, both good and bad. As I think of these experiences, I feel a mixed emotion which words cannot describe. Therefore, because of the nature of it, its definition cannot be expressed.

Born on December 4, 1952, I was soon to discover that I had a twin brother, which was to cause much excitement among those who were to learn the fact. I

began attendance here at K.S.B. early in the fall semester of 1959, and here I have remained since. I did not attend the fourth grade, but progressed from the third to the fifth grade. I was overjoyed, and my classmates were envious, perhaps a little jealous.

But I soon found out that if I was to maintain an outstanding record, I would have to work and concentrate on that work. Fortunately, I have been able to do so with little trouble, but school has not been lacking of problems and misunderstandings. These I have had to overcome as smoothly as possible.

Throughout high school, I have been in piano tuning for the past three years, and I hope to make it either a part-time or full-time occupation. I was in Boy Scouts during junior high school years and in the ninth grade. I have been a band member during my junior and senior years, and have been in chorus all four years of high school. I was also in the Dramatic Club which was in existence last year.

Upon graduation, I will enter Georgetown College next fall, if plans remain as anticipated. My decision as to a major in college is yet uncertain, but, as the title of this article may imply, I have given some thought to political and computer science.

Jerry Deaton

Until I was thirteen years old, I attended a public school in Hazard, Kentucky. I decided at that time to transfer to this school. I have worked hard at this school, and now that I am leaving, I look forward to working at a service station in Hazard which is my home town. I like automobiles and know something about how they operate. This job will not only make some money for me but will be a fun thing to do.

I like sports, and play a lot of basketball and football. I work in the athletics department helping to take care of the gym clothes. Some of my time is spent helping to keep the campus neat. I think my years here at this school have been good years, and I know that I will be able to do my job in the service station and make my own living.

Larry Lord

I came to KSB in 1962, a member of the fifth grade. While here I have been active in the school band. My instrument has

been the trumpet. After graduation, I hope to go to Batavia, New York, where I will receive additional training in piano tuning.

Gary Mudd

Entering a different school and not knowing anyone was new and frightening to me. That feeling soon passed and this school has been most helpful to me. During the years I have been here, I enjoyed three years on the track and wrestling team.

After graduation, I plan to attend the University of Louisville and major in Political Science.

Virgil Ritchie

I entered the Kentucky School for the Blind in the fall of 1959 as a kindergarten student. After the first semester, I was transferred to the first grade.

I was on the wrestling team for three years and was also in Boy Scouts. In the future, I plan to take Stand Training. I have enjoyed KSB very much but it will be nice to graduate.

Felix Turner

My name is Felix Henry Turner and I am twenty years old. I entered KSB after the Thanksgiving vacation of last year.

While here, I have been active with the Senior Chorus, not only as a member but also as its Business Manager this year. I have done a bit of art work on various occasions such as parties, bulletin boards, posters, etc. I have had a short story published in THE KENTUCKY COLONEL, and for the past two issues, I have been on its Editorial Staff. My future plan is to become a minister of the Church of Christ. I hope to attend The Sunset School of Preaching in Lubbock, Texas, beginning September.

I have really enjoyed my days at good old KSB. I like every one of my fellow class members, and I hope that the feeling is mutual. It was once stated by a member of the staff, "This school tends to grow on you." Well, it certainly has grown on me.

Ronnie Williams

My school years began at KSB in 1957. In the years I have been here, my activities have included track, wrestling, chorus and band. I have enjoyed my stay at KSB, and I believe that I have learned a lot. My interests are auto mechanics and electrical work.

Eugene Willis

I was born on May 23, 1951, in Detroit, Michigan. My home is now in Corbin, Kentucky, where I have lived almost all of my life. I attended East Ward Elementary School through the first grade. Upon coming here in 1959, I was placed once again in the first grade because I did not know braille and had to learn it. I am one of the original students of my class.

My days here have been very enjoyable and most unforgettable. There have been good times and bad times, but for the most part, it has been great. Some of my activities include wrestling, chorus, band, and being the president of the Senior Class which has meant a lot to me.

I have many hobbies, among which include collecting post cards, traveling, listening to music, watching television, and the major sports.

After leaving school, I hope to enter either electronics, radio broadcasting, or auto mechanics.

SENIOR TRIP
by
Virgil Ritchie
12th Grade

When the Senior class finally decided that Jenny Wiley was the place they would go for their trip, most expected to have a good time. As soon as we arrived, some of us drove to the top of a mountain where we saw some trolley cars loaded with coal. This was the first time some had seen how coal mines are fun. It was also the first time some had seen the mountains. Ronnie Cook got a piece of coal for a souvenir.

Friday night we all went bowling. The scores ranged from ten to one hundred eighty

but we all had fun. I guess I had better not tell who scored the ten. Saturday morning some of the class rode the sky lift up the mountain to the Novelty Shop. They purchased post cards and other interesting things.

That night the class wanted to go bowling but all the lanes were full, so we looked at Dewey Dam; we walked right down to the water which was several feet higher because of the heavy rains. Sunday morning before we left we had to decide what route we would take back to Louisville. Some who had never been in the mountains before wanted to take the mountain roads through Pikeville and Hazard before getting on The Mountain Parkway. Others wanted to take a quicker way back but the majority won. We saw the good and the bad; sad and funny; the pretty and ugly things about the mountains.

I think the Senior trip was unique in that we did not go to another noisy city. It was quiet and the rooms were nice with

a sliding door to the balcony which overlooked the swimming pool. Everyone enjoyed the trip. The Senior class would like to thank everyone who helped make it possible, especially our class sponsors, Mr. Johnson and Mr. McDowell. Thanks also to Mrs. McDowell who drove one of the cars and helped in many other ways.

PROM

Brenda Richardson - 11th Grade

One of the most exciting end-of-school events is the prom which is planned by the Junior Class in honor of the graduating Seniors. This year the prom will be held May 29 in the Food Service Center. The music will be provided by the Blue Velvets.

Our theme this time is "Love is blue" and the decorations will include blue balloons and blue flowers. The favors are white baskets with blue Forget-Me-Nots in them.

A new feature has been added to the prom this year. For the first time there

will be a queen. We have decided that this honor should go to Bonnie Adams since she is the only senior girl. She will be crowned by the President and Vice-President of the Junior class.

During the evening finger sandwiches, mints and mixed nuts will be served. After the prom, which will be held from eight to twelve, the seniors and their dates will be going to Kingfish for a late supper. We are all looking forward to this occasion.

HONOR ROLL

Fifth Grading Period

1970-71

Barry Cooper, 12th Grade

Another school year is drawing to a close, and it is again time to recognize those students with high academic standing. Congratulations are due to all Honor Roll students, especially to those who have appeared on it for the first time.

12th Grade: Bonnie Adams, Howard Carr,

12th Grade Honor Roll continued: Ronnie Cook, Barry Cooper, Gary Mudd, Virgil Ritchie, Felix Turner.

11th Grade: Linda Beatty, Debra Huggins, June Jackson, Brenda Richardson, Leonard Watkins.

10th Grade: Georgia Deaton, Charlotte Edwards, Doug Huffman, Tom Scoggins, Roger Smith, Donna Wheeler.

9th Grade: Beverly Bungenstock, Vicky Collins, Jeff Curtis, Ronald Sanders, Bill Shown, Mike Wagoner.

8th Grade: Darrell Buford, Karen Deaton, Charles Link.

7th Grade: Barbara Coy, David Jackson, Joe Martin.

Grades 7-12 must have an average of 88 or higher and no failing grades to be on the Honor Roll.

Pre-Vocational Students: John Buchanan, Elaine Harris, Linda Lucas, Larry Lord.

Pre-vocational students must have no more than one S grade and no U grades to be on the Honor Roll and an average of 88 or above and no grade lower than B.

Primary A: Kevin Pearl.

Intermediate B: Debra Cheek.

Elementary students must have no grade lower than B to be on the Honor Roll.

FROM THE SUPERINTENDENT'S OFFICE

ANNOUNCEMENTS

L. P. HOWSER --- SUPERINTENDENT

The Bureau of Rehabilitation will have a summer program at the Kentucky Industries for the Blind. It will begin on June 15, and will continue through the middle of August.

Boys from ages 11 to 15 from KSB have been invited to Trooper Island for a week beginning August 22 to 29. Any further plans are yet to be completed for this camping trip.

The completion of KSB's new gymnasium is expected to be sometime around June 15.

STAFF NEWS

Eugene Willis - 12th Grade

Mrs. Louise Mitchell is the latest addition to our staff here at KSB. She is a 1953 graduate of this school. She graduated from Transylvania College in Lexington in 1957 and received her Masters Degree from Ohio State University in 1961.

For a while she was employed at Kentucky State Hospital in Danville. Her work here at school consists of working with students, visiting prospective students, working with parents as well as community agencies.

Mrs. Mitchell's husband is also a graduate of KSB and is a lawyer.

Mrs. Mitchell's hobbies are listening to classical music, playing bridge and she loves to read.

We would very much like to welcome her to the staff and we are sure that she will be a great asset to our school.

WHY WE NEED A DEAN OF STUDENTS

Roger Smith - 10th Grade

At the beginning of the 1969-70 school year, Mr. Will D. Evans became our first Dean of Students.

The November 1969 issue of the Kentucky Colonel contained an article explaining the duties and responsibilities of the dean. Since that time, Mr. Evans has published several articles in the Colonel concerning his job. Now it is time for the opinions of students, as well as adults, of our dean.

Many of our students have taken their own personal problems to Mr. Evans. He has been most helpful and understanding. The House Parents agree that he has been most helpful in helping them carry out their responsibilities.

I think it is necessary for a dean to get to know all of his students. Mr. Evans not only knows each of us, but takes a deep interest in us. As you can see, Mr. Evans has become quite an asset to our school and we feel he does a wonderful job!

PEACE

LuAnn Holloway - 10th Grade

What is this never ending thing
That lives inside of me?
Is it peace, is it love
Or just what can it be?

It flows forever onward
As a river flows to sea;
Boundaries on this peace are set,
And within them I am free.

But now that peace is interrupted
And I wonder if again,
I shall be the one left standing
Outside in the pouring rain.

SUMMER

LuAnn Holloway - 10th Grade

Summer is an endless thing,
Endless as a grassy field;
Summer is a big garden,
With crops that soon will yield.

Summer is a happy thing,
Happy as a cloudless sky;
Summer is a flock of birds,
Flying o'er the world so high.

TUNING NEWS

Mike Wagoner - 9th Grade

In the tuning department we have a work bench which will be used primarily for grand piano repair and regulation. This work bench is greatly appreciated and was needed.

We would like to thank the seniors for the work they have done for the music department this year. Several of the seniors plan to take training next year and become piano tuners. We would sincerely like to wish all the seniors good luck in their endeavors.

ELEMENTARY SCHOOL CLASSES PRIMARY A NEWS

All girls in Primary A have a birthday in May, so on the 14th of May the class enjoyed putting together an angel food cake with pink butter frosting. The class also made some buttered popcorn and koolade for their party.

They figured out on their number aids how much a ready-made cake would cost and how much the ingredients for a do-it-yourself cake would cost and decided it was cheaper, more fun, and better tasting to bake their own.

Most Primary A students are looking forward to their first camping experience at Camp Kysoc from May 24-28.

Primary A Class went on an expedition to the Louisville Zoo on May 17. After seeing the animals and enjoying the train ride at the zoo, they stopped at an eating place to order hamburgers and french fries and ice cream. Primary A Class enjoyed having Terry King in their class for two weeks. We hope Terry will be back with us full time next fall.

Karen Stacy was one of those featured on the KSB presentation for T. V. Crusade for Children. Tim Jones and Mary E. Hollon also appeared on the T. V. program.

OUR TRIP TO THE MALL

Our class went on a trip to the Mall. There we saw a great big turtle. We saw a wishing well that we threw pennies into and made a wish. We rode a train. We saw Alice in Wonderland and a big rabbit. She gave us an egg with a baby chicken in it. Then we went to a restaurant.

JoAnn Stewart, Intermediate A

ZOO TRIP

My class went on a trip to the zoo on Wednesday, April 28. We saw a lion and a rabbit. The zoo keeper was feeding the duck some bread. There were goats and donkeys in the children's zoo. We went on a train ride and had a good time.

Dennis Simpson
Intermediate A

FROM THE SEVENTH GRADE

Barbara Coy--7th Grade

The boys and girls of the seventh grade have planted three Ginkgo Trees on the KSB campus.

The Ginkgo Trees originally came from China and were probably reserved as temple trees. They have fan-shaped deciduous leaves, sometimes called the Maidenhair Tree. It is one of the most ancient of living species of trees and was brought to Kentucky by Henry Clay. It is on the list from Brooklyn Botanic Garden of the hundred best trees and shrubs for a temperate climate.

The fan-shaped leaves are pretty in the summer; and in the fall, the yellow foliage is spectacular! It will reach the height of one hundred feet but it grows slowly. It will withstand the conditions of city smog and wind. These trees grow in either sun or shade.

Mr. John B. Bauer of St. Mary, Kentucky sent the little trees to us. He plants the seeds and when the plants have reached the age of a year old, he gives them away. We want to thank Mr. Bauer for giving us these beautiful and interesting trees to plant on our campus.

THE NEW GYM

Linda Haeberlin--7th Grade

The Seventh Grade has recently published a classroom newspaper. The following article was taken from the Seventh Grade Star:

The new gym is almost finished. It is going to be very large on the inside and outside. It is going to have locker rooms and a swimming pool. It is also going to have a bowling alley.

You name it and our new gym just about has it. It will be nice on the inside.

The boys' work-outs will be rough next year, because they have a big room that will be very warm for them to lose weight.

Rules for safety in the Pool

1. Do not push anyone in the pool.
2. Do not try to duck anyone.

We hope that everyone will enjoy the new gym when it is completed.

SPORTS GIRLS' ATHLETICS NEWS

Linda Beatty - 11th Grade

The annual Indiana-Kentucky Girls' Track Meet was held April 24 at Indiana. The girls who went were Brenda Barney, Linda Beatty, Beverly Bungenstock, Georgia Deaton, Karen Deaton, Debbie Huggins, Virginia Madden, and Libby Williams, along with our sponsor, Mrs. Stahmer.

The total score was 74 1/2 to 25 1/2 with Indiana winning. High scorer on our

team was Karen Deaton with 11 1/2 points followed by Linda Beatty with 8 points. Other scorers were Georgia Deaton with 2 points, Virginia Madden with 1 point, and the team of Brenda Barney and Virginia Madden with 2 points.

We are looking forward to competing on our own new track next year. We are very proud of our track and think it is one of the best.

Monday, May 10, members of the girls' athletics and gym classes participated in an athletic demonstration for the P. T. A. The girls did rope-jumping, a dance, and two cheers. This program has become an annual affair that all the girls enjoy and look forward to.

After the meeting, refreshments were served. These refreshments were made by members of the home economics classes and served by three home economics girls, too. We would like to thank Mrs. Degener and the girls for being so thoughtful.

Tuesday, May 11, our cheerleading try-outs were held. Six cheerleaders and four pom-pom girls were chosen for the coming season. The 1971-72 cheerleaders are Beverly Bungenstock, Linda Beatty, Karen

Deaton, Georgia Deaton, Wanda Ward, and Virginia Madden. The pom-pom girls are Brenda Barney, Tina Caldwell, Linda Haeberlin, and Libby Williams.

We would like to thank the three U of L cheerleaders who took the time to judge us and to congratulate those girls chosen. Welcome to all new members of the squad. I know we are all looking forward to an enjoyable and victorious season.

FOR THE SPORTS ENTHUSIAST

Ronnie Sanders - 9th Grade

Are you interested in what is going on in the world of sports? Are you interested in what is happening in baseball, basketball, football, bridge, golf, and hockey? There is a magazine on Talking Book that can give you answers to your many questions about sports. This magazine is called "Sports Illustrated" and comes out every month.

Some of the things found in this magazine are: Letter from the Editor, Football's Week, Golf, Bridge, Basketball, and Tennis. There are also featured articles about great basketball players. It is recommended for anybody who is interested in sports.

GIRLS' CLOTHING AND FASHIONS

Charla Bain - 10th Grade

Spring is now here and the men aren't the only ones getting ready for it; so are the ladies. Look out boys, you had better keep an eye on your favorite girl.

Hot pants, bib hot pants and dresses with hot pants are now being worn by ladies quite a lot. Scooter skirts and slacks that are belled a little are also very good. The peasant blouse and cotton skirts are mostly in prints, and the maxies are very much in style. The colors for Spring are red, white, and navy blue.

In footwear, sandals are good again, but you will find wide straps and huge

buckles. Clogs are worn, but they are not as popular as they were last year. Low chunky heels are also very good.

The latest things in footwear are the shoes that lace up the leg to the mid-calf. They are usually leather with leather straps, and are usually worn with hot pants

P.T.A. NEWS

The PTA meeting was held on May 10, 1971. The Physical Education Department gave a demonstration of their skills learned during the year. The girls' program included jumping rope, a dance, and cheerleading. The boys' demonstrated some stunts, wrestling, and the use of the trampoline.

Mr. Oechsle gave a report of the Spring Festival held on May 8, 1971. He stated that it was very successful and had netted more profit than had been expected. The financial report of the festival will be published with the PTA minutes and sent to the parents and PTA MEMBERS.

The winning ticket for the color TV was bought by Mrs. John Wise and sold to her by Raia Oechsle. Larry Mann sold the most chances and won the other savings bond.

Mr. Howser installed the new PTA officers for the 1971-72 school term. The new officers are:

Mrs. Sue Son, President

Mr. Richard Erwin, Vice-President

Mr. Glen Martin, Treasurer

Miss Jean Flowers, Recording Secretary

Mrs. Doris Oechsle, Corresponding Secretary.

The eleven graduating seniors were each presented with a gift of twenty dollars from the PTA. Each senior was given an opportunity to tell his plans for the future.

Mrs. Oechsle expressed her appreciation for her year as PTA president, and then she turned the gavel over to Mrs. Son, the new president. Mrs. Son asked for the cooperation of all the PTA members in the coming year.

Refreshments were prepared and served by the Home Economics Department.

Jean Flowers

FORMER STUDENTS OF KSB

LuAnn Holloway--10th Grade

Although we hear about former students through various contacts, it is always nice to have up-to-date information about what some of them are doing.

Robert Adams, who graduated in 1966, is working at Belknap Hardware Company.

Jo Anne Cox is married and lives in Ohio.

Grady Curlin is now employed as a janitor here at KSB.

Norbert Keisler is attending the University of Kentucky.

Linda Meadors lives in Louisville and has recorded two records for Mercury Records.

Midge Ball is attending the University of Kentucky and is majoring in radio and television.

Cathy Brothers has recently graduated from Spalding College.

Harold Burton is completing a chair-caning course.

Larry Cook is working at Delmonico Foods in Louisville.

James Earl Hardin is employed in vending stand at Avons near Lexington.

Faye Mills is married to Danny Dickensor and they live in Cincinnati, Ohio.

Ethel Atkins is married to Hubert Davis and they live here in Louisville. Hubert is employed in a vending stand in City Hall.

Sue Bramble is married to Joe Triplett. Joe is employed at Belknap Hardware Company here in Louisville.

Phyllis Burton is presently attending Eastern Kentucky University in Richmond, Kentucky.

Larry Crowe is married to Freda Bishop and is attending Bellarmine College where he is majoring in Business Administration. Freda is working at Reids Food Service.

Richard Lewis is now employed at the Kentucky Industries for the Blind.

Linda Farison Buckman works as a Masseuse.

Jerry Grimes is in the vending stand program.

Janie Porter is now working in a vending stand.

Madeline Schnitzler Clere is working at the American Printing House for the Blind.

We would like to thank Mr. Morton for compiling this list and making it available to us.

ALUMNI NEWS
NEWSLETTER ABOUT
THE ALUMNI BANQUET

Dear Alumni Member:

It's that time of the year again. Here's your chance to meet and talk with old friends and to make new acquaintances.

It's the annual Alumni Weekend.

This year the dates are June 11 through June 13.

As in years past food and lodging will be provided on the K. S. B. Campus for those who wish it. A fee of \$2.50 covers lodging for Friday and Saturday nights, breakfast and lunch on Saturday, and breakfast on Sunday.

Along with the usual business meeting and banquet, several other events have been scheduled. You are asked to bring an item for an auction on Friday night. Please tag the item with a short description. There will be a ride on the Bell of Louisville; a dance has been planned for Saturday night--entertainment by "Another Evolution."

Four members of the group are, or have been, K. S. B. students. Below is the complete schedule of events:

Friday - 8:00 to 9:00 P. M. Reception
 9:00 P. M. Auction

Saturday - 10:00 A. M. Business Meeting
 2:00 to 5:00 P. M. Belle of Louisville ride (Bus service provided)

6:30 P. M. Banquet (Speaker, Paul J. Langan) - Dance (Immediately following)

Sunday - 9:00 A. M. Memorial Services

Attention Class of 1946: You will be presented with 25-year pins at the Banquet. You must be present to receive your beautiful pin.

Below is a list of events and prices. Please check the events which you plan to attend and return this letter with your check or money order to:

Mr. Dennis Franklin
1040 Chereokee Road, Apt. No. B1
Louisville, Kentucky 40204

Lodging: \$2.50 per person _____

Belle of Louisville ride: \$2.00 adults
and \$1.00 children _____

Bus to and from: 50¢ per person _____

Banquet: \$2.50 a plate _____

We're looking forward to seeing you June 11.

Yours truly,

Denise Holland
Corresponding Secretary

NOTES FROM THE LIBRARY

This has been a busy year in the Library. Mrs. Rita Fisher joined me as clerical assistant in October. Her help has made it possible to get the new books to you shortly after they arrive in the Library. Over 800 titles in all media have been catalogued this year. Along with our new cassette tapes we added four cassette players. Many students have enjoyed listening to the short, informative and interesting new tapes during their free periods.

Films were another continuing extra-curricular program in the Library. Films of general interest were received on free loan once a week. Individual students or classes were invited to view the film during the time it was available to us.

I hope that many of you will want to continue reading for pleasure this summer. Catalogs of titles are available so you can select the books you would like to read and then contact your Regional Library at Frankfort. A brief note or phone call will bring enjoyable summer reading to your door.

The address for the Library is:

Library for the Blind
P. O. Box 818
Frankfort, Kentucky 40601

Carol Frey
Librarian
